SEMMES, ALABAMA

WHOLESALE GROWERS OF
Azaleas and Camellias
 AND A GENERAL LINE OF
ORNAMENTAL NURSERY STOCK
 LINING OUT STOCK OUR SPECIALTY

Our nurseries are located at Semmes, on Highway 42, 15 miles north-west of Mobile. We have nine greenhouses of over 14,000 square feet of space for propagation only. All these greenhouses have concrete benches. In addition to this we have quite a lot of outside beds for propagation, which enables us to root a very large quantity of stock.

We have about 50,000 square feet of hot bed space for growing Azalea liners in, all of which is equipped with an automatically controlled heating system, which assures you of receiving the best Azalea liner that can be grown.

We have about fifty acres under overhead irrigation where we grow thousands of Azaleas and Camellias.

We would be happy to have you visit our nursery at any time and will always have someone to show you around.

AZALEAS, Field Grown

This year we have to offer a few very nice field grown Azaleas that are far superior to lath house grown plants. These plants have a much better root system and the tops are very bushy and compact. Unfortunately we have only a few varieties to offer this season.

Formosa	Orange Macrantha
Fisher Pink	President Clay
Hardy Firefly	

	100
10-12 inch field grown	\$60.00
12-18 inch field grown	90.00
